**Growers Name**

---

**Address**

---

**County**

---

**Telephone**

---

**Harvest Date**

---

**Harvested Field Dimensions**

---

**Acres Harvested (minimum 2 acres for Contest, complete passes through the field)**

---

**Total Pounds Harvested**

---

**Percent Grain Moisture**

---

**Yield per Acre**

---

**Signature Designated Representative**

---

**Occupation of Designated Representative**

---

**Grower Signature**

---

Acres harvested and yield per acre will be calculated for you. If you want to calculate yield take total pounds x (100-% moisture) x 0.01 divided by 52.2 (dry wt of 1 bu of soybean at 13% moisture) divided by acres harvested.

**Note:** A voluntary seed protein and oil will be paid by the Pa. Soybean Board. The grower must voluntarily obtain a 1 pint sample (obtain a random sample by collecting the sample as the combine is unloading), put the sample into a plastic bag before inclosing in a box and sending to Doug Archibald, Crop & Soil Science Dept, 263 ASI Bldg, University Park, Pa. 16802. Indicate in the sent seed sample the growers name, address and an indication that the sample is from the Pa. Soybean Contest.

**Growers Name**

**Variety(Company Brand & Number)**

**Seeds per pound (off of seed bag)**

**Seed treated with:**  Cruiser  Gaucho  Other  Planter box  None

**Main source of variety selection Info.:** University  Consultant  Seed dealer  Other

**Rhizobia inoculation:**  Yes  No **Inoculation type:**  Dry  Liquid

**Previous crop:**  Corn  Soybean  Sm Grain  Other

**Tillage:**  No-till  Min-till  Conventioal

**Planting equipment:**  Drill  Corn planter

**Calibrated planting equipment this year:**  Yes  No

**Seeding rate per acre (Lb per acre):**

**Row spacing:**

**Planting date**

**Major source of soybean culture Info.:** University  Consultants  Seed dealer Other

**Nitrogen fertilizer:**  Yes  No **Foliar fertilizer:**  Yes  No

**Soil test (within last 3 years):**  Yes  No

**Brand Name of Herbicide and concentration (lb/gal or % active (dry)) used:**

**Amount of herbicide used per acre:  
applications:**

**Number of**

**Major source of herbicide Info:**  University  Consultant  Dealer  Other

**Foliar fungicide applied:**  Yes  No **Number of applications:**

**Brand name of fungicide and rate per acre:**

**Disease:**  Rust  White mold  Downy mildew  Other (indicate)

**(Please turn to other side)**

Insects:  Aphid  Bean beetle  Spider mite  Grasshopper  Other (indicate)

Foliar insecticide used & how often:

Plant lodging %:

Average plants per foot at or after harvest:

Main limiting yield factor:

Cover crop after soybean harvest:  Yes  No

Type of cover crop:
